**Part II Organizational Action** Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ **On March 19, 2021 Tax-Managed DFA International Value Portfolio ("DTMIX") effected a one-for-two reverse stock split for its shares. Pursuant to the stock split, every two (2) shares of issued and outstanding shares automatically converted to one (1) share.**

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ **The stock split will be treated as a tax-free reorganization under IRC Section 358(A). Shareholders are required to allocate their aggregate tax basis in the existing shares held immediately prior to the stock split among the shares held immediately after the stock split, including fractional shares.**

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ **Post-split basis per share is equal to the pre-split basis per share multiplied by 2. For example, a shareholder with 100 pre-split shares with a of \$10.00 per share at close of business on 03/19/2021 would receive 50 post-split shares with a basis of \$20. While the basis per share is impacted, the basis of the shareholder's total investment remains unchanged. Further, because the NAV per share increases by a factor of 200%, the value of the shareholder's investment is not impacted by the share split.**

**Part II Organizational Action** *(continued)*

**17** List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based ▶ In general, a shareholder's aggregate tax basis in his or her shares immediately prior to the share split should be allocated in proportion to the decreased number of shares under IRC Sections 354 and 358.

**18** Can any resulting loss be recognized? ▶ Shareholders will generally not recognize gain or loss as a result of the stock split. Shareholders should consult their tax advisor with respect to tax consequences resulting from the reverse stock split.

**19** Provide any other information necessary to implement the adjustment, such as the reportable tax year ▶ The reportable year is 2021 for taxpayers reporting taxable income on calendar year basis. For shareholders reporting taxable income on a basis other than calendar year the reportable tax year is the shareholder's tax year that includes March 19, 2021.
