INVESTMENT OBJECTIVE

The investment objective of the VA International Small Portfolio is to achieve long-term capital appreciation. The portfolio is available only to insurance company separate accounts funding variable life and variable annuity insurance contracts.

PRINCIPAL RISKS

Risks include loss of principal and fluctuating value. Small cap securities are subject to greater volatility than those in other asset categories. International investing involves special risks such as currency fluctuation and political instability. Investing in emerging markets may accentuate these risks. Sector-specific investments can also increase investment risks. For more detail regarding the risks affecting this Portfolio, please see the Principal Risks section of the prospectus.
