INVESTMENT OBJECTIVE

The investment objective of the World ex U.S. Core Equity Portfolio is to achieve long-term capital appreciation.

PRINCIPAL RISKS

Risks include loss of principal and fluctuating value. Small cap securities are subject to greater volatility than those in other asset categories. International investing involves special risks such as currency fluctuation and political instability. Investing in emerging markets may accentuate these risks. Sector-specific investments can also increase these risks. For more detail regarding the risks affecting this Portfolio, please see the Principal Risks section of the prospectus.
