Inception Date	Jan. 12, 1995
CUSIP	233203728
Fund Assets Under Management	\$327.7 Million

## INVESTMENT OBJECTIVE

The investment objective of the VA Global Bond Portfolio is to provide a market rate of return for a fixed income portfolio with low relative volatility of returns. The portfolio is available only to insurance company separate accounts funding variable life and variable annuity insurance contracts.

## PRINCIPAL RISKS

Risks include loss of principal and fluctuating value. Fixed income securities are subject to increased loss of principal during periods of rising interest rates and may be subject to various other risks including changes in credit quality, liquidity, prepayments, and other factors. International investing involves special risks such as currency fluctuation and political instability. Investing in emerging markets may accentuate these risks. Sector-specific investments can increase these risks. For more detail regarding the risks affecting this Portfolio, please see the Principal Risks section of the prospectus.
