INVESTMENT OBJECTIVE

The investment objective of the DFA Social Fixed Income Portfolio is to seek to maximize total returns. Total return is comprised of income and capital appreciation.

PRINCIPAL RISKS

Risks include loss of principal and fluctuating value. Fixed income securities are subject to increased loss of principal during periods of rising interest rates and may be subject to various other risks including changes in credit quality, liquidity, prepayments, and other factors. International investing involves special risks such as currency fluctuation and political instability. Sector-specific investments can increase these risks. Social issue screens may limit investment opportunities available to the Portfolio. For more detail regarding the risks affecting this Portfolio, please see the Principal Risks section of the prospectus.

Certain Portfolios have entered into fee waiver and/or expense assumption arrangements with the Advisor. In these cases, the Advisor has contractually agreed, under certain circumstances, to waive certain fees and/or assume certain expenses of the Portfolio. Unless otherwise stated in the prospectus, the Advisor may amend or discontinue these arrangements at any time, one year from the date of the prospectus. The net expense ratio reflects the total annual fund operating expenses of the Portfolio after taking into account any such fee waiver and/or expense assumption arrangements. Please read the Portfolio's prospectus for details and more information.
